Title: Georgia State Poll: Fall 1992

Survey Organizations: The Center for Urban Policy Research

Field Dates: September 3 - 20, 1992

Sample: Adult residents of Georgia

Sample Size: 811

Interview Modes: Telephone Interview

Weight Location: None

Usage Notes: For questions gsu2-gsu10, see the additional codes section at the end of the documentation.

Please note that data provided by the Roper Center for Public Opinion Research may not be re-disseminated without written permission. The results of any analyses conducted on the data may, however, be published with appropriate acknowledgments and source citation.

GEORGIA STATE POLL

The **GEORGIA STATE POLL** is a quarterly telephone survey of Georgia residents. For the Fall **POLL**, 811 residents were randomly selected and interviewed from September 3 to September 20 on a variety of public policy issues. All adult, Georgia residents with a working telephone (including new and unlisted numbers) are eligible for the **POLL**. The actual results collected were weighted using the most recent census data on the state of Georgia. Of those sampled 549 stated that they were registered and likely to vote. For this group the margin of error due to sampling is plus or minus 4.2%.

The results of the **POLL** are likely to contain some error. Error due to the random selection process is a maximum of approximately 3.4 percentage points plus or minus the reported percentage. Error for subgroups is likely to be slightly larger. Other sources of error are caused by individuals refusing to participate in the interview and inability to connect with the selected number. Every feasible effort is made to obtain a response and reduce the error, but the reader should be aware that some error is inherent in all research.

CENTER FOR URBAN POLICY RESEARCH
GEORGIA STATE UNIVERSITY

GARY T. HENRY, DIRECTOR

The Center for Urban Policy Research, Georgia State University, produces public policy research that provides both the policy-makers and the public with better access to important information. In addition to the **GEORGIA STATE POLL**, the Center and its research faculty have experience in several fields, including transportation, education, criminal justice and social policy research. If you are interested in sponsoring a question on the **POLL** or finding out more about the **POLL** or the other research activities of the Center, call (404) 651-3523.
