Country: United States

Title: Americans Talk Issues Survey: Environment, Energy and Economic Competitiveness

Survey Organizations: The Telephone Center

Sponsors: Americans Talk Issues Foundation

Field Dates: November 7 - 20, 1991

Sample: National adult

Sample Size: 2015

Interview Modes: Telephone Interview, Landline

Weight Location: Card 3; Columns 70-75 (xxxx.xx) -- Varname: WGHT

Usage Notes: Columns locations are found to the right of the question in this format (R/CC), where R = Record or Card number and CC = Column(s).

Please note that data provided by the Roper Center for Public Opinion Research may not be re-disseminated without written permission. The results of any analyses conducted on the data may, however, be published with appropriate acknowledgments and source citation.

Weight	Card 3, Cols. 70-75	

CARD 1

NOTE: QUESTION 1(a) AND 2(a) WERE ASKED AMONG HALF THE SAMPLE, THE OTHER HALF WERE ASKED Q1(b) AND Q2(b)

SAMPLE A

1(a) Do you approve or disapprove of the way George Bush is handling his job as President? Is that strongly or somewhat approve/disapprove?

2(a) I am going to ask you how well you think George Bush is handling different things. Do you approve or disapprove of the way President Bush is handling (INSERT ITEM) (ITEMS ROTATED) Is that strongly or somewhat approve/disapprove?

	APPROVE			DISAPPROVE				
	Total	Strongly (1)	Somewhat (2)	Total	Somewhat (3)	Strongly (4)	DK (5)	
	%	%	%	%	%	%	%	
1(a) Overall way handling job	56	25	32	36	15	20	8	Col. 26
2(a) Foreign policy	68	44	24	28	10	18	4	27
The environment	45	17	28	42	20	22	13	30
Domestic and social policy, things like education and health care	35	14	21	58	20	38	7	29
The economy	29	12	17	65	20	45	6	28

SAMPLE B

1(b) Thinking about this country's environmental policies, are we moving in the right direction or are we on the wrong track?

	%	
		Col. 31
1-Right direction	53	
2-Wrong track	32	
3-DON'T KNOW	15	

2(b) I am going to ask you how well you think the Federal government is handling some things. Do approve or disapprove of the way the Federal government is handling (INSERT ITEM) (ITEMS ROTATED)? Is that strongly or somewhat approve/disapprove?

	APPROVE			DISAPPROVE				
	Total	Strongly (1)	Somewhat (2)	Total	Somewhat (3)	Strongly (4)	DK (5)	
	%	%	%	%	%	%	%	
Foreign policy	50	21	30	38	14	24	12	Col. 32
The environment	36	9	27	50	28	23	14	35

The economy	15	3	12	79	23	55	6	33

CARD 1

3. How much have you heard about the Clean Air Act -- a lot, some, just a little or almos nothing?

	TOTAL US %	
1- A lot	21	Col. 36
2- Some	31	
3- Just a little	24	
4- Almost nothing	24	
5- DON'T KNOW/NO ANSWER	1	

---

4. From what you know, was President Bush in favor or opposed to the Clean Air Act?

	TOTAL US %	
1- In favor	42	Col 37
2- Opposed	18	
3- DON'T KNOW	40	
4- NO ANSWER	-	

---

5. Now I am going to read you THREE statements on energy and the ECONOMY. Please tell me which one you most agree with?

STATEMENT MOST AGREE WITH:	TOTAL US %	
1- a. Conserving and using energy more efficiently will CREATE JOBS and help the national economy by making it more competitive	61	Col 38
OR		
2- b. There is LITTLE OR NO RELATIONSHIP between the issues of the economy and energy efficiency or conservation	18	
OR		
3- c. The cost to the economy of conserving and using energy more efficiently will require SLOWING DOWN economic growth and job creation	16	
4- DON'T KNOW	5	

CARD 1

6. I am going to read you THREE statements on energy and the ENVIRONMENT. Please tell me which one you most agree with?

	TOTAL US %
STATEMENT MOST AGREE WITH:	
1-a. It is possible to get the energy we need for our economy in a way that will also improve the ENVIRONMENT	66
OR	
3-c. To meet our energy needs when all things are considered, we will have to continue to damage the environment at least a little	27
OR	
2-b. There is LITTLE OR NO RELATIONSHIP between the issue of energy and the environment	5
4- DON'T KNOW	2

Col 39

NOTE:QUESTIONS 7A THROUGH 15A WERE ASKED OF HALF THE SAMPLE, THE OTHER HALF WERE ASKED QUESTIONS 7B THROUGH 15B.

I am going to read you some things that have been suggested to meet our energy needs and ask of each if you think it would help us meet our energy needs.

AFTER EACH Question in Q. 7 through Q 15 sequence in both samples A and B, ASK: "Would that help us meet our energy needs?" IF NO, skip to next item. IF YES, before going to next item, ask (a)-(c). FOR ANY QUESTION 7 - 15 where response is YES, ask Q's (a)-(c) before going on to next item.

(a) Would it help a lot or just a little?

(b) Would doing that also help, hurt, or make no difference to our economic COMPETITIVENESS and CREATION OF JOBS -- Is that help/hurt a lot or a little?

(c) Will doing that help, hurt or make no difference to the ENVIRONMENT -- Is that help/hurt a lot or a little?

		YES, HELP:			NOT		
		Total	A lot	A little	Help	DK

16. OK, now we are going to talk a little about protecting public health and safety by protecting the environment. In regard to government regulation intended to protect the public do you think that, generally speaking, we need to do more of it, less of it or about the same as we have now?

	TOTAL US %
1- More of it	53
2- Less of it	14
3- About the same	30
4- DON'T KNOW	3

2/23

NOTE: Q. 17A WAS ASKED OF HALF THE SAMPLE, THE OTHER HALF WAS ASKED Q17B.

17A/B Who should pay the largest share of the costs of regulating and policing an industry which the government decides has become necessary when...

17A: ...some companies in the industry regularly and seriously damage the environment, cause public health problems, cheat or mislead consumers?

SAMPLE A	TOTAL US %
2- The companies that are found to violate the regulations	81
OR	
1- The industry as a whole	16
OR	
3- The taxpayers	2
4- DON'T KNOW	1

2/24

17B: ...various companies in the industry from time to time seriously damage the environment, cause public health problems, cheat or mislead consumers?

SAMPLE B	TOTAL US %
2- The companies that are found to violate the regulations	74
OR	
1- The industry as a whole	18
OR	
3- The taxpayers	6
4- DON'T KNOW	2

2/24

18. You have just said that the (INSERT RESPONSE TO Q.17) should pay the largest share of the costs of regulating and policing the industry, should (INSERT THE TWO OPTIONS NOT GIVEN IN RESPONSE TO Q.17) pay some of the costs?

1 = YES
2 = NO
3 = NOT SURE

Yes, should share some of costs:	TOTAL US %	
The industry as a whole	64	2/74
The taxpayers	26	2/75
The companies that are found to violate the regulations	22	2/76

As you may know, some of the products and waste materials of various industries can pollute air, water, and soil and are dangerous to our health. Decision makers need to know how the public wants them to impose standards on the discharge of these toxic wastes in various situations. Let me read you one that comes up fairly often:

19. Suppose that an industry that is important to the economy says it would be put out of business by foreign competitors if it had to pay the cost of eliminating toxic waste by-products and that it would move its operations to a foreign country where health and environmental laws are less strict in order to stay in business. Which of these FOUR options comes closest to what you would like to see happen? (OPTIONS ROTATED)

		TOTAL US %	
4 - d.	The US or the United Nations takes the lead in negotiating an agreement that would require all countries to enforce the same toxic waste standards for this industry.	66	2/26
	OR		
2 - b.	The government requires the clean-up, makes the industry pay the cost and takes the risk that our economy will suffer if the industry moves out of the country	17	
	OR		
3 - c.	The government compromises and requires only as much clean-up as it determines the industry can afford	9	
	OR		
1 - a.	The government requires the clean-up at the taxpayers' expense so that the industry does not move out of the country	5	
5 -	DON'T KNOW	3	

NOTE: Q. 20A WAS ASKED OF HALF THE SAMPLE, THE OTHER HALF WAS ASKED Q20B.

20. Some industries say that with the production methods they are currently using it is uneconomical for them to entirely eliminate the discharge of certain toxic substances. They say that if the government required them to achieve a zero discharge standard, their customers would not pay the costs and they would be put out of business. But the industry does propose a discharge standard that it says it can live with. Environmental groups say nonsense, the industry could afford to go to a zero discharge standard.

Which discharge limit would you favor most in this situation?:

SAMPLE A		TOTAL US %
20A.	RESPONSES:	
3-	an in-between compromise standard favored by the Environmental Protection Agency of the US government	57
	OR	
1-	Zero	29
	OR	
2-	the industry recommendation	11
4-	DON'T KNOW	3

2/27

SAMPLE B		TOTAL US %
20B.	RESPONSES:	
3-	the zero toxic discharge standard recommended by environmental groups like Greenpeace and the National Wildlife Federation	44
	OR	
1-	an inbetween compromise standard	43
	OR	
2-	the one acceptable to the industry	9
4-	DON'T KNOW	4

2/28

21. Suppose that during the debate on standards, the industry says that a research program would in time enable it to eliminate its toxic waste products. Would you favor or oppose a zero discharge standard that would take effect after a phase in period that gave the industry some reasonable time to eliminate its toxic wastes?

22. Is that strongly or somewhat favor/oppose?

	TOTAL US %
Favor 80	2/29
1-Strongly	43
2-Somewhat	36
Oppose	14
3-Somewhat	7
4-Strongly	7
5-DON'T KNOW	6

---

23. (IF "ZERO" IN Q. 20 OR IN Q. 21:)

If the industry could not afford the necessary research to eliminate its toxic wastes, would you be in favor of the government paying a substantial part of the necessary cost of the research?

(Base: Those who believe in Zero Discharge)

	TOTAL US % 2/30
1- Yes, favor	61
2-No, oppose	32
3-DON'T KNOW	4

NOTE: Q. 24A WAS ASKED OF HALF THE SAMPLE, THE OTHER HALF WAS ASKED Q24B.

24. What is a reasonable length of time for an industry to change its practices so that it stops discharging toxic wastes?

24A Three months, twenty years or what? (CODE FOR ANY NUMBER OF MONTHS OR YEARS)

24B Two years, four years or what? (CODE FOR ANY NUMBER OF MONTHS OR YEARS)

SAMPLE A	TOTAL US %
RESPONSES 24A:	
Months:	
Under 6 months	11
6 months - 1 year	10
Years:	
1 - 1/2 years	19
1/2 - 2 years	2
2 - 2 1/2 years	14
2 1/2 - 5 years	12
5 - 10 years	17
10 - 20 years	5
Average # Months	32.7
DON'T KNOW	7

2/58-60

SAMPLE B	
RESPONSES 24B:	
Months:	
Under 6 months	8
6 months - 1 year	4
Years:	
1 - 1/2 years	13
1/2 - 2 years	3
2 - 2 1/2 years	31
2 1/2 - 5 years	19
5 - 10 years	8
10 - 20 years	3
Average # Months	31.8
DON'T KNOW	7

2/58-60

As you may know there are thousands of toxic waste sites all over the US that are expected to be cleaned-up eventually, funded by legislation known as the Superfund at a cost that will ultimately come to many billions of dollars. These sites, primarily because of toxic chemicals leaking into the ground water, are potentially hazardous to the health of those living or working near them. This Superfund clean-up program will take decades to complete.

25. **Do you think that there is a hazardous waste site near where you live or work?**

	TOTAL US %
1- Yes	38
2- No	52
3- DON'T KNOW	11

2/33

---

26. **Wherever possible the parties responsible for the hazardous waste will be forced to pay for the clean-ups, but were you aware that if those responsible cannot be found or cannot pay, the Federal taxpayer will pick up the cost?**

	TOTAL US %
1- Yes, aware	60
2- No, not aware	39
3- DON'T KNOW	1

2/34

The government needs to know how the public feels about how these clean-ups should proceed.

27. **We are currently cleaning up about one percent of these sites each year. Do you think that we. . . (RESPONSE CHOICES ROTATED)**

	TOTAL US %
1- Should spend more money and speed up these clean-ups	68
OR	
2- Are cleaning them up at about the right rate	26
OR	
3- Should postpone the costs and slow-down the clean-ups	2
4- DON'T KNOW	5

2/35

28. To get the last little bit of pollution in a toxic waste site cleaned-up that state-of-the-art technology makes possible, costs by far the most money. Some people say that each year we should use whatever money is available from the Superfund to clean up a large number of sites to some degree but not perfectly, and others say clean up a much smaller number of sites but get the health risk down as close to zero at those sites as technology allows. Some people think that if the government ever leaves a site that it has not cleaned-up completely, it will never come back to finish the job. Which strategy do you agree with, assuming they both cost the same money? (RESPONSE CHOICES WERE ROTATED)

		TOTAL US %
1 - a.	Clean up a large number of sites each year to some reasonable degree but not completely until all are brought up to some standard and then come back much later and clean them all up completely	48
2 - b.	Clean up a small number of sites completely each year even though some sites will not be reached at all for a very long time	48
3 -	DON'T KNOW	4

2/36

29. However we do these clean-ups, it will take many, many years, so the government also would like to know your ideas about how to decide which sites get attention first. I am going to read some things and ask you to tell me whether that thing should be considered in setting priorities for site clean-ups.

(AFTER EACH, ASK:) How important is that in setting priorities in site clean-ups? Extremely important, very important, somewhat important, or not at all important?

		Higher Importance:			Lower Importance:				
		Total	Extremely	Very	Total	Somewhat	Not	DK	
		%	%	%	%	%	%	%	
			(1)	(2)		(3)	(4)	(5)	
c.	Sites that are currently causing the most serious health problems get priority	94	59	35	4	4	0	1	2/34
b.	Sites in dense population areas that threaten the health of the most people get priority	89	48	41	10	8	2	1	2/38
e.	Sites that are more a human health problem than a problem for survival of wildlife get priority	77	39	39	20	16	4	3	2/41
a.	A fair geographic allocation, that is some sites in every part of the country	60	23	37	37	30	6	3	2/37
d.	Determination of which sites have priority should be left to the normal political process even if that means that sites that have the best "visuals" and get the most national media attention will probably be the ones that get cleaned up first	32	11	21	65	36	29	3	2/40

30. Now I am going to ask you about a proposal for increasing the gasoline tax by 10 cents per gallon each year for ten years, which would come to a dollar a gallon after ten years. Each one cent per gallon increase would bring about a billion dollars a year to the US treasury, so such a tax could go a long way in reducing the government deficit or funding its programs. Do you favor or oppose such a tax? Is that strongly or somewhat favor/oppose?

	TOTAL US %
Favor	33
1- Strongly	15
2- Somewhat	18
Oppose	62
3- Somewhat	13
4- Strongly	49
5- DON'T KNOW	5

2/42

NOTE:QUESTIONS 31A THROUGH 37A WERE ASKED OF HALF THE SAMPLE, THE OTHER HALF WERE ASKED QUESTIONS 31B THROUGH 36B.

31. (IF OPPOSE IN Q 30:) Even though you oppose this tax...
(IF FAVOR IN Q 30:) I would like to get your reaction to various ways the government could use the large amount of money that this tax would raise:

(AFTER EACH, ASK:) Would you like a lot, some, or none of the money to be used that way? (ITEMS ROTATED)

		At least some money:					
		Total	A lot	Some	None	DK	
		%	% (1)	% (2)	% (3)	% (4)	
34B	Fund other important needs, like health, education and the environment	90	60	30	9	1	2/53
