Title: Roper Reports 92-7

Survey Organizations: The Roper Organization

Field Dates: July 11 - 18, 1992

Sample: National adult

Sample Size: 1992

Sample Notes: Form location is in column 5: Form X='1'+'2'; Form Y= '3'+'4'

Interview Modes: Face-to-face interview

Weight Location: Columns 568-571 (xx.xx)

Usage Notes: This dataset was converted from Binary to ASCII. The variable cross-reference file (VXREF) describes the column changes. This Roper Report survey has four versions, 'Xa', 'Xb', 'Ya' & 'Yb'. But for all intensive purposes there is only 'X' & 'Y' in the documentation. In the questionnaire, 'W' is substituted for 'X'. The location for the versions is in column 5. Be sure to pay attention when running data that you are selecting the correct version if necessary.

Please note that data provided by the Roper Center for Public Opinion Research may not be re-disseminated without written permission. The results of any analyses conducted on the data may, however, be published with appropriate acknowledgments and source citation.

I'm from The Roper Organization and we're conducting a survey about things that are happening today.

1. Considering both the availability and cost of things today, as well as your present financial circumstances, do you think now is a good time to buy things you want and need, or a good time to wait, or is it someplace in between?

3. There has been a lot of talk about increasing crime in this country, and the fears people have about the police not being around to protect them when they are needed. Do you think the situation has reached the point where it is necessary for citizens to take the law into their own hands in order to protect themselves from attack in any way they can, or do you think it is wrong for people to take the law into their own hands under such circumstances?

10. X Turning to another subject, there is a controversy over special admissions procedures and quotas for blacks and other minority students in colleges and graduate school programs. Some say quotas and programs are necessary to increase the number of minorities in these schools and make up for past discriminations. Others say this practice discriminates against whites who cannot be considered for the places in the quota. What is your feeling--that the quotas should be kept to insure a certain number of minority students or that they should be illegal?

11. X Some time ago, the citizens of Miami voted to repeal a county ordinance that banned discrimination in employment and housing based on a person's sexual preferences. The ordinance essentially meant that someone who is homosexual could not be kept from holding a particular job or living in any type of housing simply because he or she is homosexual. Which of these two statements best describes how you feel about the law and discrimination against homosexuals? (HAND RESPONDENT CARD)
