Title: CBS News/The New York Times Poll: 2016 Presidential Election/Presidential Candidates

Survey Organizations: Social Science Research Solutions (SSRS)

Sponsors: CBS News; New York Times

Field Dates: November 2 - 6, 2016

Sample: National adult, including 1,426 registered voters

Sample Size: 1753

Interview Modes: Telephone Interview, Landline; Telephone Interview, Cell Phone

Weight Location: Columns 185-190 (x.xxxx) – Varname: WEIGHT

Please note that data provided by the Roper Center for Public Opinion Research may not be re-disseminated without written permission. The results of any analyses conducted on the data may, however, be published with appropriate acknowledgments and source citation.

Nov16a Methodology
CBS News Poll

This poll was conducted by telephone November- 2-6, 2016 among a random sample of 1,753 adults nationwide, including 1,426 registered voters. Data collection was conducted on behalf of CBS News by SSRS of Media, PA. Phone numbers were dialed from samples of both standard land-line and cell phones.

The poll employed a random digit dial methodology. For the landline sample, a respondent was randomly selected from all adults in the household. For the cell sample, interviews were conducted with the person who answered the phone.

Interviews were conducted in English and Spanish using live interviewers. The data have been weighted to reflect U.S. Census figures on demographic variables.

The error due to sampling for results based on the entire sample and the sample of registered voters could be plus or minus three percentage points. The error for subgroups may be higher and is available by request. The margin of error includes the effects of standard weighting procedures which enlarge sampling error slightly.

The sample of likely voters is modeled among registered voters (N=1,426), assigning each respondent a probability of voting based on their responses. The margin of error for the sample of likely voters is plus or minus three points. This poll release conforms to the Standards of Disclosure of the National Council on Public Polls.
